This design philosophy emphasizes the seamless integration of indoor and outdoor living areas, achieved through expansive sliding glass doors that can be discreetly concealed. It includes a spacious infinity pool, an outdoor kitchen with a barbecue, a bar area, dining spaces, a beach lounge complete with an outdoor shower, and an open kitchen designed for hosting gatherings

A lovely representation of laid back luxury, all 3 of the Beach Enclave developments share a similar feel, style & décor. We love the properties because they provide our guests with the privacy of a villa with a resort feel overall. The Long Bay homes have the distinction amongst the collection of all being directly on the beach! Beach Enclave's signature design is present throughout this 7,000-plus-square-foot, five-bedroom villa. Located on the southeastern edge of Providenciales, Beach Enclave Long Bay is a dream-come-true location for kiteboarders and watersports aficionados. This stunning, white-sand beach stretches more than three miles and ranks amongst the top 10 beaches in the world year after year. Its shallow depths lead off for a long distance from the shore, making it ideal for families with smaller children. Ranging in size from five to seven bedrooms and spanning between 7,800 and 8,100 square feet, the villas at Beach Enclave Long Bay are located at the private and protected east end of the bay. Each villa is surrounded by lush tropical vegetation, ensuring both privacy and a picture-perfect setting. Guests may select from a wide variety of nearby watersports and activities, from kiteboarding lessons and stand-up paddle boarding to snorkeling and kayak eco-tours. Beach Enclave Long Bay is conveniently located just 10 minutes from Providenciales International Airport as well as five minutes from Grace Bay's lively entertainment district, making it easy for guests to arrive and seamlessly begin their vacation.
