After visiting Runaway Bay several times, I knew that it was important to find a nice upscale home, on that gorgeous beach. Hidden Bay is that home, and it offers so much peace & quiet, from every part of the home.

Welcome to Hidden Bay by the Sea, a luxury 6-bedroom private beachfront villa located in the stunning Runaway Bay. Hidden Bay is an exquisite brand new deluxe villa that overlooks the Caribbean Sea as well as its own waterfront beach. It is perched on Jamaica's renowned North Coast and boasts one of the most magnificent blue views in the world. This villa is perfectly designed to host memorable Caribbean vacations with family and friends. A comfy wrap-around veranda with a glorious view is the favorite gathering area. Step off the porch onto a grassy lawn, freshwater pool and terrace, and Travertine stepping stones to the pièce de résistance – an open sitting area on a dramatic promontory over the sea with sweeping views from horizon to sunrise to sunset. Sunset vigils with butler-served trays of drinks and hors d'oeuvres create indelible memories of each day's long, breathtaking dusk. From this promontory, a stairway leads down to a private over-the-water stone deck supported on an eons-old coral rock, an enviable spot with chaises for sunning and a jumping-off point into the bay. Or, across the lawn, walk down a Harry-Potter-style rock-clad stairway that looks like it could open to a cave and voilà! The hidden beach is a 100' stretch of sand by the sea for barefoot shell gathering, for toddlers to splash in shallow waters and for taller guests to venture into the waves. Kayaks and vests are complimentary. All 4 bedrooms feature quiet air conditioning, ceiling fans, cable television, iPod docks, closet safes, en-suite bathrooms and are equal in size. The architect listened when these homeowners ordered a full range of the comforts of a family-style home, equal accommodations for all guests, and capture of the outrageous beauty of their unique location. The interior designer added an uncluttered, immaculate style of unpretentious glamour – in short, an ideal vacation home. For those who want privacy during all this togetherness, ten individual outdoor sitting areas dot the seafront wall. A thatched-roof outdoor bar is yet another informal sitting area with tables for drinks and games
