Silver Star guests also enjoy access to amenities like a heated swimming pool, oversized hot tub, fitness suite, ski locker room, and communal fire pits. The cottage showcases ultra-modern decor with contemporary artwork, crystal accents, chandeliers, and vibrant color highlights. The main living space features an open concept with high ceilings, a sectional sofa, and a sleek box-style fireplace. The chic dining area includes a table and breakfast bench for up to 12 guests, while the breakfast bar with four stools offers a cozy spot for morning coffee. The four spacious bedrooms comfortably sleep up to 12 guests, each with an en-suite bathroom and Satellite TV. With a private funicular, the on-site Silver Star Express chairlift, and free city bus service throughout Park City, Silver Star #41DX is ideal for a car-free ski vacation. During the summer, guests enjoy direct access to Park City’s scenic hiking and mountain biking trails, as well as outdoor concerts and dining at Silver Star Cafe. To explore further, from paddleboarding on Lake Jordanelle to skiing at nearby Utah resorts, take advantage of the heated 2-car garage. However you plan to experience Park City, Silver Star #41DX provides the space, location, and amenities for a lodge-style stay with all the comforts of home. For winter ski-in/ski-out access, use the Silver Star Lift. Exit the cottage and carefully walk downhill to Silver Star Court. Where the road curves sharply left, take the paved path on the right to reach the ski lockers and funicular. Ride up to the Silver Star Run (Blue) leading to the base of the Silver Star Lift and ticket office. To return, stop when you see the funicular and head back to the ski lockers and cottages. (*) Please note, access to the Silver Star lift, managed by Park City Resort, is not guaranteed and may vary based on weather and staffing.
